## QUEER HAPPENINGS.

A boy aged 15, of Columbus county, N. C., was bitten on the wrist by a black spider, and he died in a few minutes. The bite was on a vein.

Atlanta, Ga., is puzzled over a perfect iron wedge that was taken from the middle of a blue granite rock found forty-six feet under the ground.

The school exhibition at Seneca Falls had to be indefinitely postponed, more than two-thirds of the children having been taken suddenly ill with measles.

For thirty years Mrs. Martha P. Graves of South Killingly, Conn., had been deaf. She recently dreamed that her hearing was restored, and on the second morning following she awoke with hearing perfect.

A young wife with one child, living at Jamestown, N. Y., was sold to another man by her husband for \$50. She is now at the home of her prospective father-in-law, waiting for the son to earn money to close the contract.

An Illinois youth, husking corn in a field near the railroad, saw a new locomotive with a red smoke stack. He became frightened, and ran to the house crying: "That 'ere engine is going to bust, sure; it's red hot clean to the top of the stovepipe."

Florence Seymour's father, of Elizabeth City, N. C., shot her lover in the shoulder the night before he was to elope with her. She fled from her room in her night clothes, and, joining her intended, was married before her father discovered her absence.

Six hundred barrels of whisky were lost by the sinking of the steamer Arabian in the Missouri river twenty-two years ago. All attempts to raise it failed, but now the course of the river has changed, and the whisky, which now lies forty feet under the sand, is to be dug for.

A young couple stood waiting at the depot for a train at Ballston Spa, and the gentleman, to protect his neck from the biting air, opened his satchel and took from it what he thought was an embroidered scarf. After noticing the quizzing smiles on the faces of the spectators, he went into the depot, and, looking at the mirror, saw that his neck was encircled by a clocked stocking of his bride.

Queer taste is exhibited by the family of Telford, who was murdered by Geo. W. Hays in Marion county, Ill., in 1879. Over his grave is a granite shaft surmounted by a large butcher knife, and on the stone is the inscription:

"Murdered by  
Harvey W. Hays,  
Died Jan. 18, 1879.  
Aged 22 y's, 6 mo., 6 d's."

## How to Color Flowers.

M. Saccardo of Padua has made public the results of his experiments on modifying the color of flowers. By mingling iron filings with the soil in which hortensias are planted, these flowers assume a blue color. As regards flowers already out, by dipping pinks in a solution of aniline or eosine, the petals and the petals will gradually turn into a brilliant blue, if the flowers are white; into violet, if red; into green, if yellow. Camellias and cypripediums undergo the same modifications. If a bulb of the latter be dipped into a solution of eosine and afterward planted, the plant will live for several days and produce flowers of the colors already mentioned.

## Retiring From Business.

A. Strassburger & Co. will sell their mammoth stock of dry goods, fancy goods, carpets, etc. regardless of cost within the next sixty days. They have decided to retire from business, and will not refuse any reasonable offers for their goods. Now is the time to secure bargains, and the public should take advantage of it to save over 50 per cent. by buying of A. Strassburger & Co.

## Vick's Seeds.

Pinniger & Queen have received a large lot of Vick's flower and vegetable seeds, floral sets, alfalfa, timothy, lawn grass, blue grass, white and red clover, onion sets, etc., all of which will be sold at lowest market rates. All who wish fresh and reliable seeds are invited to call and examine. feb16

### THE NEVADA MONTHLY.

#### To The Public:

THE UNEXPECTED DEMAND FOR COPIES of the Nevada Monthly, the popularity which the book has already obtained, and a desire on the part of the publisher to ADD MANY NEW AND VALUABLE FEATURES TO ITS CONTENTS, has induced him to charge a small price for the magazine. This step has been taken after a thorough canvass of the field and a large subscription list. Many new contributors will be added, and the Monthly will be made correspondingly interesting and contain more reading matter. Its mining statistics, stock tables, etc., which will always be found reliable, will alone be, for future reference, worth the price of subscription, while its original sketches from the pens of some of Nevada's and California's brightest writers, its interesting and instructive selections, etc., will make it a welcome visitor to the family circle.

The rates of subscription, commencing with the April number, will be: By mail (postage paid) one year \$2.50 six months.....\$1.50 Single copies.....25

As an advertising medium, the Nevada Monthly will have no superior, its columns being eagerly read in every camp and mining town in Nevada and adjoining States and Territories. All advertisers will receive from the time their advertisements are inserted a complimentary copy.

Please send subscriptions by postal money order. Write name and address legibly.

## TRUCKEE TROUT IN NEW YORK.

About the 20th of last month, McClelland & Simpson of Reno filled an order from Fish Commissioner B. H. Redding of California for a sample lot of Truckee trout. The fish were carefully packed in a box with ice and sawdust, and forwarded by express to New York. They were consigned to E. G. Blackford of the Fulton Market, as a contribution to his annual display of trout from all sections of the United States. The exhibition opened April 1st, and it is satisfactory to learn that the Truckee trout arrived safely, and were duly admired. In describing the various kinds of trout contributed from this coast by Mr. Redding, the special correspondent of the Chicago Field says: "He also sent a number of splendid Truckee trout, which, notwithstanding Mr. S. G. Green's assertion, had none of the characteristics of the land-locked salmon, and were pronounced by other experts genuine *Salvelinus fontinalis*."

Now there were presumably two distinct species of Truckee trout sent from Reno. Most of them were of the kind locally known as the "silver" trout, but there were also one or two specimens of the "dark," or "spotted" trout. Which of these was pronounced by experts to be "genuine *Salvelinus fontinalis*." We should be glad to receive from Mr. Redding some information in regard to the long names of the Truckee trout.

The Field's correspondent is in error when he refers to a "Dolly Varden" trout, exhibited in New York, as having been taken "in the vicinity of Reno, Nev." The "Dolly Varden" trout is peculiar to the Cloud River of California, and, we believe, to the waters of Puget Sound.

## EDITORIAL NOTE

John J. Alexander, a colored man of Gold Hill, called upon a white girl for whom he had a passion, and, producing a pistol, threatened to kill himself if she would not consent to marry him. She heard the report of the pistol as she rushed from the room. When she came back, instead of finding brains profusely scattered about the room, there was Alexander, alive and uninjured. The pistol had contained no bullet. For this outrage upon the young lady's feelings, the dusky lover has been arrested, and will be tried on Friday next.

A great majority of the people of New England are opposed to both Grant and Blaine. Men from there say that if Blaine is nominated he will have a hard struggle to carry his own State. It is significant that he is most popular in the far west. Kansas, Iowa, Nevada and other States are booming for him long after his tidal wave is on the decline further east. Political opinions, like fashions and business booms, affect this coast about six months or a year later than the Atlantic and Middle States.

What makes the sky blue? is a question that many a child has asked in vain. The answer furnished by a scientist is that certain elements in the air absorb the red and yellow rays of light, but allow the blue rays to pass almost unabsorbed.

The New York Sun says: A party of California capitalists are negotiating for the purchase of the old Van derbilt farm, near the South Beach, Staten Island, with a view to erecting a large summer hotel.

The failure of the California exchange to supply the gas.

State of California.

Says the Scott Valley (Cal.) News of the 10th inst.: On Friday last Chas. Hooker, a colored man employed as mail carrier on the route between Etta and Sawyer's Bar, was frozen to death on the summit of the Salmon Mountains. He left Etta on Friday morning in the face of a heavy storm, and when Harris, the other carrier, met him near the summit, Hooker had lost his hat, was covered with ice and sitting on the snow resting. Harris questioned him as to his ability to get over, but Hooker said that he was not exhausted, and could get through all right. When Harris reached Sawyer's Bar on Sunday, on his return trip, he learned that Hooker had not arrived there, and a searching party started at once. They found Hooker's body still in death some distance from the trail, and only about two hundred yards west of the point where Harris met him on Friday. The body was lying across the snow with the mail sack strapped fast to it.

The Sacramento was in danger from flood, in consequence of the rapid rise in the Sacramento river. It was learned here this morning by telegraph that the river was falling and the city out of danger.

## PINE NUTS.

The Washoe Indians Petition the Government to Spare the Pine-Nut Tree.

The Carson Tribune says that at a Grand Council of the Washoe Indians held at Genoa, Douglas county, Nevada, on the 11th day of April, A. D. 1890, called to take steps to stop the destruction of the pine-nut trees around Double Springs and in Pine-Nut range of mountains, it was unanimously agreed that the continued destruction of the pine-nut tree would destroy the source of the food used by the Indians, (they rely to a very great extent on pine nuts as food) and by the settlement of Carson valley and Walker river valley the supply of game and fish is to a great extent destroyed; that in addition the supply of fish usually got from Lake Tahoe is to a great extent destroyed by white men, leaving the tribe, embracing about five hundred, without any adequate or sufficient supply of food and making their living dependent on the charity of the whites; therefore, on behalf of said Indians and chiefs, we demand that the Government stop further destruction of property belonging to the Washoe Indians, on file there to never having been extinguished by treaty or otherwise, or in default thereof that the Government of the United States make to us a suitable compensation for the same. We appeal to the Hon. John H. Kinkaid, Governor of the State of Nevada, to aid us in securing our first rights.

CAPT. JIM—X his mark.

CAPT. PETER—X his mark.

CAPT. WALKER—X his mark.

Witnesses to marks:

MOSES TERRY.

JOHN H. CRADLEBRAUGH.

The Tribune says that the petition has been signed by all the Federal and State officers of Carson, with the recommendation that some action be taken by the Government to stop further destruction of the Washoe Indian's bread fields. The petition will be forwarded to Washington immediately, and it is to be hoped that some attention will be paid to the noble red man's prayer.

## PACIFIC COAST NEWS.

The Carson City election takes place May 2.

Wells Drury is now publishing the Virginia Star.

By popular vote Tuscarora secures a public school house to cost \$2,000.

The Carson river at Empire has fallen twelve inches within the past week.

In Modoc county, Cal., the Republicans are opposed to Grant, and the Democrats to Tilden.

A carload of barbed wire for southern farmers was received at Winnemucca on Saturday.

Cattle are dying fast in Newark valley, near Eureka. It is thought that before the snow is off the ground one third of the stock in that section will be dead.

The Times-Review strongly recommends George Cassidy, editor of the Eureka Sentinel, and State Senator from that county, as Democratic nominee for Congressman from Nevada at the next election.

Reports from the Paradise mines are encouraging, and it is believed that when the weather changes for the better, operations will be energetically resumed on many claims which have been lying idle during the winter.

The Hoodlum Legislature of California, just adjourned, kept up its reputation until the last. On the last day of the session Tyler denounced any member who would deny him the right to rise to a point of order as a dirty dog.

Forty-eight incorporated mining companies operating in Bodie district have levied 140 assessments, aggregating \$2,450,000, while 48 dividends have been declared, aggregating \$5,500,000—showing an excess of dividends of \$3,050,000.

A band of gipsies found their way to Folson last week, and endeavored to enlighten the citizens in regard to their future, but soon came to grief and were put under arrest for extorting money from young Portuguese women whom they frightened and threatened with the power of their art.

The Silver State jokes fun at the Nevada Central after this fashion: John Guthrie returned from Austin yesterday, having taken a side over the Nevada Central. He says the cars ran off the track once, but they were promptly replaced by four or five men who seemed to accompany the train for the purpose of keeping it on the track.

The Times says there were 536 pupils in attendance at the public schools of Carson during the month of March. Of this number 288 were girls and 240 boys—48 more girls than boys. The average attendance was 440. This makes the average to each teacher on the whole attendance about 60 pupils, and the average to a teacher on daily attendance about 50 pupils.

Notice to Old Fellows.

The officers and members of Reno Lodge, No. 19, I. O. O. F., are earnestly requested to attend the regular meeting this evening. An official visit is expected from our M. W. Grand Master, in addition to which, business of importance to all concerned will be presented.

J. M. FLANNAGAN, N. G.

Incremental sale.

It was feared yesterday that Sacramento was in danger from flood, in consequence of the rapid rise in the Sacramento river. It was learned here this morning by telegraph that the river was falling and the city out of danger.

## No Thanks to Them.

From the New York Sun.

If the Republican party comes away from Chicago without the Grant mill-stone tied around its neck, no part of the thanks for its escape will be due to the timid Republican politicians and newspapers that are opposed to the third term, but do not dare say so above their breath.

They Took Him at His Word.

JOTTINGS.

The river has fallen a foot since yesterday.  
— J. A. Scott has some good lands for sale. See 50th column.  
— Alfred Jose advertises horses, wagons and harness for sale or hire.  
— Two Chinamen died at Truckee from exposure while working on the railroad.  
— The famous Cushman quartette are at Battle Mountain, and will be at Winnemucca on Monday evening.  
— General Kittrell told a man who joked him on his anti-Democratic speech last night, that if that man on the red horse should overtake him next fall he would run for office all the same.  
— The I. X. L. has just received a lot of patent duplex pocket overalls. This valuable invention is to answer the demand for pockets either on top or at the side seam, both or either being affixed to one garment.  
— Last night Truckee Lodge, No. 14, I. O. O. F., elected the following Past Grand as its representatives to the Grand Lodge to be held in Virginia City, June 8th: C. W. Jones, J. C. Smith, F. C. Updike, J. V. Peers, D. Lachman, J. C. Haynes and G. W. Cunningham.  
— W. H. McInnis has secured the business of D. M. Osborn & Co. at this place. He will sell mowers and reapers during the coming season, also their celebrated self binder and combined headers and binders. Mr. McInnis well known here and will make a lively season of it.

The Excursionists.  
The party of excursionists delayed here by the snow blockade submit to the inevitable with the best grace possible. To-day they have scattered over the town, and viewed the landscape over at their abundant leisure. An accurate canvass of the party, with a view to ascertain the representation from various states, gave the following results: Massachusetts furnishes 90, New Hampshire 10, New York 8, Illinois 5, Connecticut 4, Pennsylvania 2, Virginia 1, Michigan 1. The overwhelming majority from Massachusetts, makes it eminently right and proper to call them the "Boston excursionists," although it is undoubtedly true that Boston is not quite all New England or even Massachusetts.

Horny-Handed Pintes.  
Two Pintes, known as George and Sam, are farming about four or five miles from Shone's Toll-house. The Silver State is informed that they have sown several acres of wheat and barley, and one of them purchased a lot of garden seeds in Winnemucca for the purpose of planting them. An old Pinte named John was engaged in the farming business some years ago down near Peter Hobb's ranch in Pleasant Valley, and one season brought the first load of barley to market.

A Divorce Suit in Alturas.  
Says the Modoc Independent: The attention of the Superior Court has been occupied all this week with the divorce case of W. J. Combs vs. Lorrinda Combs. The trial has been conducted with closed doors, to the intense disgust of a large portion of the population of this burg. The fact that the parties to the suit are so well known throughout this county, and the high social position they occupied, causes a great deal of interest in the result.

A Promised Pleasure.  
Mr. Knapp, of the Syracuse Journal, is taking notes of the country and the trip of the Boston party. It is likely he will issue the result in book form. He is an experienced traveler, a close observer and an able writer. He is devoting great attention to the geology of the route.

Church Services this Evening.  
The Rev. Mr. Herrick, of Boston, one of the excursion party now detained in Reno, will hold a service at the Methodist church this evening, commencing at half past 7 o'clock. A general invitation is extended to all.

COMPLIMENTARY CONCERT.

THE PROCEEDINGS IN THE THEATRE LAST EVENING.

First Public Appearance of the "Boston Excursionists" - Songs and Speeches - Dancing To End With - A Distressing Accident.

Despite the bad condition of the streets, the complimentary entertainment to the Boston excursionists drew out an audience last evening that packed the Theatre to its utmost capacity, many persons being unable to obtain seats. Chairs in the front of the hall had been reserved for the excursionists, who attended in force. After a prayer from the Rev. Mr. McKelvey, and a song by the Grub, Judge Cositt, who presided, made a brief address of welcome to the party from the east. A song from Richard Jose was next in order.

A SPEECH FROM GEN. KITTRELL.  
Ex-Attorney General Kittrell was then called upon for a speech. He came promptly forward and spoke for about half an hour. Beginning with words of welcome to the snow bound, he went back to the days of the revolution, touching upon the great events of that period, and eulogized the "revolutionary sires" of New England. The speaker then went on to refer with pride to his own birth in North Carolina, spoke of the great men that the South had produced, and gloried in the fact that he was himself a native of that section. He deplored the man who thought less of him because he was born in North Carolina. The speaker then sketched his own career on this coast, saying that he had traversed it from Panama to Alaska. He declared that he sought no nomination for office, and that he would run from office faster than any race horse in Nevada could follow him. In closing, the General eloquently apostrophized liberty, declaring his belief in the universal brotherhood of man, Chinamen included. At the conclusion of Gen. Kittrell's speech, which was heartily applauded, a song was sung by Messrs. Cook, White and Jose.

GOV. HEND OF NEW HAMPSHIRE, a tall and portly gentleman, with a cheerful manner, and good-natured, jovial expression. The Governor stated that he owed his position as Governor to his inability to make a speech. Although not a speech-maker, he however took pleasure in expressing for the excursionists their sense of the cordial welcome extended them by the people of Reno. He was glad that their detention occurred in so pleasant a place. In speaking of the long overland journey, the Governor said it reminded him of the remark of the Irishman, who on seeing Niagara for the first time, said: "There's a dale of water running to waste." The speaker had been impressed by the apparent great waste of land in this western country - "devilish poor land, too, some of it," the farmers of the party thought. He assured the Reno people that a jollier party than that he spoke for had never passed over the rails of the Central Pacific. They had enjoyed the trip immensely. He elicited many laughs from the audience by his happy and humorous remarks, closing with a call to Judge Sargent of New Hampshire to come forward and speak for the Granite State.

JUDGE SARGENT OF NEW HAMPSHIRE, then took the platform and addressed the audience for a few minutes. His manner was grave and impressive and his appearance venerable. He spoke in terms of pride of his native state, reminding the audience that it was the birthplace of Webster and other great men of the nation. The Judge did not, however, wish to dwell upon the claims of his state to exalted recognition. He was willing to acknowledge that Boston was the intellectual centre of New England. The speaker shared the views of Gen. Kittrell in regard to the brotherhood of man. He thought the Chinaman should be protected in his rights as well as the immigrant from any other nation. The Judge's remarks were well received by the audience. After a pleasing song from two of the Misses Finlayson.

EX-GOVERNOR WOOD OF OREGON, was introduced. He could not, he said, boast of having been born in any State that had produced great men, having first seen the light in Missouri. But he did not like to hear any man boast of having been born in North Carolina, New Hampshire, Massachusetts or any other State. To be proud of being an American citizen, of birth under the Stars and Stripes - that is the true sentiment. Referring to the difficulty he felt in common with other public speakers in talking about nothing, he was led to remark that in such an assemblage of men and women, representing all sections of this country, thoughts would arise and clamor for expression. This nation little exceeds in age an hundred years. It is yet in its infancy, although its growth has been so marvelous. Its possibilities of future development were outlined in eloquent words that brought cheer after cheer from the audience. The speaker touched upon foreign immigration, declaring his belief that the time would soon come when some change in our naturalization and land laws would be necessary. Let America be for Americans first, and after them for the oppressed of other lands. The orator declared his belief that the Chinese immigration is an evil. All labor which is not a part of the citizenship of a country is an injury to it. The Chinese come among us to reap and not to sow. They have no

permanent interest in the country. It is to them a place to mine, to be abandoned after its wealth has been washed out. He condemned all legislation to drive them out, or to in any manner violate the treaty which assured them protection in their right to labor among us. The true cause of the Chinese evil, was the disinclination to labor among the rising generation of our own people. The Chinaman saw that there was work here to do, and a lack of willing hands to do it. Hence he came among us. The true remedy for Chinese immigration is to fill the ranks of labor ourselves. Leave the Chinaman nothing to do here and he will not come among us. The speaker closed with the assurance of a hearty welcome and hospitable treatment of the excursionists wherever they might go beyond the mountains. The speech of ex-Governor Woods lasted nearly an hour, and riveted the attention of the audience.

SONGS OF CULTURE.  
After the ex-Governor's speech two ladies of the traveling party favored the audience with songs, one of them receiving a tumultuous encore. A modest bouquet which had been handed in to be presented to the prettiest girl among the excursionists, was presented her by Judge Cositt.

The meeting closed with a prayer by the Rev. Mr. Herrick of the excursion party, and the singing of the Doxology by the Club.

THE DANCE.  
which followed was participated in by a number of the representatives of "the hub." The space for dancing was kept well filled until midnight. The excursionists were mostly beyond that stage of youth which insists upon having its fling. The majority of them adorned the walls and gazed through more or less critical eye glasses at the dancers. The floor was covered with grit from the feet of the audience, and was in a bad condition for dancing. Some one of the Boston ladies had the misfortune to lose a metallic device stamped "Warner hose supporter." One of the dancers slipped upon it, and picking up the article, incautiously allowed the light to shine upon it. Its glitter caught the eye of a group of Boston ladies, who all blushed violently, and a moment afterward showed symptoms of fainting dead away. Cold water was promptly administered, and coma averted. "Oh, how shocking!" cried one, as soon as she had regained the power of speech. "Why don't they put the horrid man out?" he exclaimed another. The guilty Reno man was quite overcome with a sense of shame when he saw the mischief he had caused, and dropped the metal thing upon the floor as though it had burned his fingers. There it lay for some time, every one being afraid to touch it, out of regard for the feelings of the stranger guests. The spot was carefully avoided by the Boston ladies, until a Reform Club member managed to deftly kick the h— article under the stove. The lady who lost it betrayed no sense of her calamity by word or look, or action. Perhaps, being from Boston, she did not really need it. This distressing incident was not, however, allowed to mar the general harmony. The dancers dispersed shortly after 12 o'clock, well-pleased with the evening's entertainment.

A Murder in Big Valley.  
News was received here Tuesday evening last, says the Independent, of a shocking tragedy which occurred in Big Valley, about six miles and a half below Adin, which resulted in the death of Dick Walsh, a sheep herder in the employ of Wash. Jackson. It appears that Walsh and Charles Meyers had some trouble last Saturday about the range. High words passed between them at the time but they did not come to blows. On Sunday morning last Walsh and Jackson were out together near the sheep, when Meyers came up with a Winchester rifle on his shoulder, and engaged in conversation with them. In the course of the conversation Walsh turned to Meyers and said: "Is that a good gun, Meyers?" The latter replied he didn't think it was any of his business whether it was or not, and added: "I understand you said I had a revolver once during our dispute yesterday; is that so?" Walsh replied: "Any one who says you did not, is a d— liar." Meyers said nothing but backed off about thirty feet and fired one shot which took effect in Walsh's right side, just below the ninth rib, from the effect of which he died in about three hours. Meyers went at once to Bieber and surrendered himself to the authorities.

Large Purchase of Cattle in Eastern Nevada.  
The Eureka Leader learns that a big cattle firm of Denver, Colorado, has lately been purchasing a large number of beef cattle in Ruby and Huntington valleys for Leadville and the Gunnison country. About 9,000 head have been bought, principally from Tom Short and M. Harrison, the latter receiving \$38,000 for his stock. The cattle are to be ready by the 1st of June, and consequently a general roundup will be inaugurated in these valleys shortly. The entire lot of 9,000 are to be driven overland in two bands of 4,500 each. It will require 15 vaqueros to each band, and consume three months' time to drive them through. Of late Eastern stock men have been turning their attention to Nevada, and the country is now pretty well covered of beef cattle. Besides several lots, including the one above mentioned, that have been purchased for the East, we learn that one stockman in Eastern Nevada, in the interest of Eastern parties has succeeded in buying up 40,000 head in this State.

THE BLOCKADE.

A Long Delay Anticipated - Snow and Land Slides - Sheds Down and Snow on the Track - Accidents on the Road, Etc.

From what can be learned here in regard to the snow blockade on the mountains, and the condition of the road, there appears to be no prospect of getting trains from the west much before Sunday next. It had been snowing almost continuously on the Sierra for several days up to 10 o'clock this morning. Another bad break occurred early this morning near Tunnel 18, a few miles west of Truckee. About 400 feet of sheds were carried away. There are a number of others between Summit and Summit valley snow has drifted into the sheds and formed a deposit said to be two miles long and seven feet deep. Supt. Pratt, with a big plow and several engines, was stuck there all last night. At Alta a very heavy land slide occurred, which will take three days to clear up. Should the other obstructed portions of the road be cleared earlier, trains may be moved to that point and passengers transferred from one side of the break to the other. E. C. Fellows and J. A. Fillmore are at Alta. There are probably 2,000 men at work on the road between that point and Truckee.

Near Bronco yesterday engine 212 with a snow-plow ran into a rock weighing six or eight tons. The plow was broken and rendered useless.

There was no telegraphic communication from early yesterday morning until 11 o'clock last night.

An Atlantic express train was made up at Truckee last night, and left Reno at 7:15 this morning. The two delayed Pacific express trains were consolidated at Truckee last night, and put in readiness to go forward as soon as the blockade is raised. No freight trains are moving between Washworth and Truckee.

A good many wash-outs have occurred on the western slope of the mountains, where the rains have been heavy and continuous for several days. Between Reno and Truckee the road is also in a bad condition. It was raining again on the west side of the Sierra at a late hour this morning.

ACCIDENT ON THE V. & T. R. R.

Head Master George F. Hayward Killed and Five Persons Injured - An Engine and Twelve Cars Thrown Into The Carson River.

At 1:30 P. M. yesterday, the down freight train from Virginia, in rounding a curve near Merimac, about 7 miles beyond Carson, struck a boulder which had fallen upon the track. The train was drawn by two engines. The after engine jumped the track and rolled down into the river, while the first remained on the grade. George Hayward, roadmaster, sprang from the engine just before the collision. A number of dump cars were piled upon him. When extricated he could not speak, and died in a few minutes. Robert Dalton, engineer of the Washoe, the engine that rolled into the river, remained on his engine until it fell down the bank. He was badly injured and his recovery is uncertain. All the train men were more or less injured. Mr. Hayward leaves a wife and three children. Mrs. Hayward is a sister of Mrs. Hilliard of Reno. Mr. Hayward was an estimable man, and his death is deeply deplored in Carson where he lived, and by many friends in Reno.

The celebrated Cushman Quartette will be in Reno some day next week, when people will have the opportunity of listening to their sweet music. They are invited, and will sing under the auspices of the Women's Temperance Union. A liberal donation to this society will be made by this Co. of singers, and it is to be hoped they will receive a large audience. A notice of their appointment will be given.

Last Week's Storm in Modoc.

The Modoc Independent of last Saturday says that the storm which raged last Wednesday and Thursday was the most severe of the whole winter, and that it will result in great loss of stock. The cattle are weak from scanty feed and exposure and many of them will inevitably perish. The mails to and from Alturas are carried on horseback. The lower end of Hot Springs valley is reported entirely under water.

District Court Notes.

A jury was impaneled in the case of Bunting vs. the C. P. R. R. Co. yesterday afternoon. This morning the case was continued until tomorrow at 10 A. M. The trial will probably be deferred until Monday, as there seems to be no prospect of the detained witnesses arriving before Sunday.

In the case of I. J. Armstrong vs. James Mayberry the motion for a new trial has been dismissed.

Personal.

Judge Bonfield arrived at Winnemucca safely, and is holding court there now.  
C. Lemery is here from Spring City. He says there are about 350 people there and they expect a good year, although it is very dull at present. It is 57 miles from Winnemucca.

## Republican State Convention

**AT A MEETING OF THE REPUBLICAN STATE CENTRAL COMMITTEE OF NEVADA, held at Virginia City, February 13th, 1900, the following resolutions were unanimously adopted:**

Resolved, That the Republican State Central Committee of the State of Nevada order that a state convention, to be held at Austin, Texas, on the 10th day of May, 1900, at the hour of 11 o'clock A. M., of said day, for the purpose of electing delegates to the National Republican Convention, to be held at Chicago, Illinois, June 5, 1900.

Resolved, That we recommend that the several Republican County Central Committees of the State of Nevada call primary elections of the people, for the purpose of electing delegates to the said state convention at Austin, Texas, said primaries to be held on or before May 5, 1900.

Resolved, That the basis of representation in said convention shall be one vote for each and every 100 votes, or fraction of 10 or over 50, cast at the last general election for the Republican State ticket, to-wit:

County	Representatives
Churchill	1
Douglas	1
Ely	1
Esmeralda	1
Genoa	1
Harvey	1
Lincoln	1
Lyons	1
Manassah	1
Marshall	1
Mineral	1
Moore	1
Nye	1
Ormsby	1
Pershing	1
Storey	1
Washoe	1
White Pine	1

Resolved, That the following test be read at the meeting of the primary voters at the Primary Elections: That he supported the Republican State ticket at the last general election, and would have done so had he voted, and pledges to support the nominees of the Chicago National Convention.

I. L. REQUA, Chairman

**MIDDLE-AGED MEN.**  
 There are many at the age of thirty and sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a copy sediment will often be found, and some small particles of albumen will appear, or the color will be of a light milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause. DR. SPINNEY will agree to forfeit \$500 in such cases
